**All proposals will be blinded when presented to the Summit panel.**

**Please review the speaker acknowledgements at the bottom of this document.**

**Suggested Session ideas from 2025 feedback:**

- Rural focused care
- Billing and reimbursement issues
- Multidisciplinary care
- Legislative issues/State reform/toolkit
- Novel/new approaches (AI, new devices, etc)
- Education - entry level/advanced
- Keynote - Leader in the field, possibly a panel of multidisciplinary, other

<u>Session Type</u>	<u>Description</u>	<u>Duration</u>	<u># of Sessions</u>
<a href="#">Ted Talk Meets Shark Tank</a>	10 min Ted-Talk style presentations on primary care PT related hot topics followed by 10 mins of panel 'judges' and audience feedback and discussion	20 min	4-6
<a href="#">Large Group Case-Based Lab Sessions</a>	Lead all participants through a primary care related clinical case or series of cases along with some hands-on practice components and/or small group breakouts. A small amount of lecture is allowed, no more than 50% of the allotted time.	80 min	1-2
<a href="#">Didactic Session</a>	30 minute presentation on a primary care related topic, 15 minutes for Q&A/discussion (engagement can be included throughout the session, does not need to be reserved for the end)	45 min	1-2
<a href="#">Small Group Lab Session</a>	Lead a small group through a hands-on lab session. This can be practicing a series of clinical hands-on skills, walking through a role-playing case, etc	80 min	Up to 6
<a href="#">Think Tank Breakout Session</a>	<p>These sessions are designed to stimulate ideas, discussion, and action plans for those involved.</p> <p>Select a Topic Area to guide participants through. <i>Reminder: It is not a presentation, no lengthy powerpoints. It is an opportunity for participants to brainstorm, discuss, and problem solve</i></p> <ul style="list-style-type: none"> <li>● Education - entry-level DPT, residency/fellowship, post-professional - can discuss competencies, ways to measure success, clinical integration</li> <li>● PCPT Implementation - "how we did it in our setting and how you can do it, too"</li> <li>● Clinical Cases</li> <li>● Research - get a group of researchers together to discuss what's out there and what needs to happen, put some ideas on paper to get publications out there</li> </ul>	80 min	Up to 6

**Tentative Summit Schedule:**

14 CEU contact hours

## **Proposal Requirements:**

### **Ted Talk Meets Shark Tank** (10 min presentation & 10 min Q&A)

- Your CV (uploaded through the form)
- Session Title:
- Brief Description:
- Objective. At the conclusion of this Ted Talk, participants will walk away with a better understanding of...:
- Briefly explain why this might be a hot topic in primary care PT:
- References - not necessary, as we welcome novel topics that may not be in the literature, but please provide references if you have them

### **Large Group Case-Based Lab Session:** (80 min)

- CVs of all speakers (preferably in a publicly accessible cloud link included with the proposal document)
- Session Title:
- Brief Description:
- 1.Learning Objectives. *If you have 'demonstrate' or 'apply' objective for a particular technique, it is recommended to adapt the objective to "familiarize" or "recall" so that you do not have to include a practical exam or test-out as this would not be feasible.*
- Scheduled Outline:
- References:
- Quiz questions (2 required):

### **Didactic Session** (30 min presentation & 15 min Q&A - the q&a/interactive component can be spread throughout the 45 min session, it does not necessarily need to go at the end)

- CVs of all speakers (preferably in a publicly accessible cloud link included with the proposal document)
- Session Title:
- Brief Description:
- Learning Objectives:
- Interactive Component: *Kahoot!, Mentimeter, Word Cloud, Traditional crowd*

*discussion/q&a*

- Scheduled Outline:
- References:
- Quiz question (1 required):

**Small Group Lab Session:** (80 min)

- CVs of all speakers (preferably in a publicly accessible cloud link included with the proposal document)
- Session Title:
- Brief Description:
- Target Audience/Who might benefit?:
- Learning Objectives. *If you have 'demonstrate' or 'apply' objective for a particular technique, it is recommended to adapt the objective to "familiarize" or "recall" so that you do not have to include a practical exam or test-out as this would not be feasible.*
- Scheduled Outline:
- References:

**Think Tank Breakout Session** (80 min)

- CVs of all speakers (preferably in a publicly accessible cloud link included with the proposal document)
- Session Title:
- Brief Description:
- Target Audience/Who might benefit?:
- Learning Objective.

*Sample:*

*At the conclusion of this Think Tank, participants will walk away with...*

- *A better understanding of...*
- *Creative ideas to support xyz...*
- *A tangible strategy to begin xyz...*
- Scheduled Outline:
- References: *not necessary, but if they help support your think tank activities, please include*

### **Speaker Acknowledgements:**

I have read, acknowledge and agree to the following:

- The APTA Federal Section requires that a minimum of 30 paid participants register for this event by August 11, 2026 in order for it to happen. I understand that this event is subject to cancellation if 30 participants do not register. In our 3rd annual 2025 summit, we had 74 participants attend. In order to assist with travel planning, the SIG will communicate registration numbers with speakers on a biweekly basis from the time that registration opens (hopefully between May 1-May 15).
- For those that submit a think tank or small group lab session - these are concurrent sessions happening simultaneously where participants will sign up for them at registration. If enough participants sign up, we may offer 2 back to back sessions in the PM of day 2. We have a minimum of 4 participants that need to sign up for a session in order for it to be a "go". If you have a question or concern about this, please contact the PC-SIG Education Chair at kevinstemple@gmail.com.
- Due NO LATER THAN Friday September 4th: A pdf copy of any slides/materials for your program, 1-2 quiz questions for your program
- Speaker Honorarium includes free registration at the Summit.
- Travel Reimbursement. The APTA Federal PC-SIG hopes to provide coverage of travel expenses (flight and hotel only), however this cannot be guaranteed as travel funds are contingent on registrations and fees collected. All Travel expenses will be capped at \$500 per speaker. Please save all your travel receipts and expenses. You will be contacted within 2 weeks of the Summit to outline what travel reimbursement is available and the process for submitting a claim. Reimbursement will be reviewed on a case by case basis and determined by the Primary Care SIG Board. Our goal is to provide equitable travel reimbursement to all of our speakers.
- In-kind donations of travel are appreciated and support the mission of the Primary Care SIG.
- TED Talk presentations will not be covered for Travel, only free registration.
